

**FOR IMMEDIATE RELEASE**

**FINAL MATURITY DISTRIBUTION ANNOUNCEMENT FOR GUGGENHEIM  
BULLESHARES 2011 CORPORATE BOND ETF**

---

**LISLE, IL** – December 29, 2011 – Guggenheim Investments announced today the distribution proceeds for the maturity of Guggenheim BulletShares 2011 Corporate Bond ETF (NYSE Arca: BSCB) (the “Fund”), a maturity that was defined at the launch of the Fund. The final maturity distribution will be paid on December 30, 2011 to shareholders of record on December 29, 2011. Shareholders should consult their individual investment or tax advisor regarding the tax treatment applicable to the maturity distribution.

**Additional details are provided below:**

Ticker	Fund Name	Record Date	Payable Date	Income Dividend Per Share	Short-Term Capital Gain Per Share	Long-Term Capital Gain Per Share	Return of Investment Per Share	Final Net Asset Value Per Share
BSCB	Guggenheim BulletShares 2011 Corporate Bond ETF	12/29/2011	12/30/2011	\$0.0020	\$0.0003	\$0.0001	\$20.1175	\$20.1199

For information on the Guggenheim BulletShares<sup>®</sup> ETFs, a suite of 10 fixed-income products that provide exposure to investment-grade and high-yield corporate bonds, please visit [www.guggenheimfunds.com/bulletshares](http://www.guggenheimfunds.com/bulletshares).

**Past performance is not indicative of future performance.** To the extent any portion of the distribution is estimated to be sourced from something other than income, such as return of capital, the source would be disclosed on a Section 19(a)(1) letter located on the Fund’s website under the “Literature” tab. Distributions may be comprised of sources other than income, which may not reflect actual Fund performance.

*\* Asset figure is based upon the best available information as of 9/30/2011 and consists of assets under management and serviced assets of the various asset managers comprising Guggenheim Investments. The total asset figure includes \$8.7B of leverage for assets under management and \$0.8B of leverage for serviced assets.*

*There can be no assurance that any fund will achieve its investment objectives. There are risks associated with investing, including the entire loss of principal invested. As interest rates rise, the value of fixed-income securities held by the Fund is likely to decrease. Securities with longer durations tend to be more sensitive to interest rate changes, making them more volatile than securities with shorter durations. As interest rates fall, the Fund's income will decline. Credit risk is the risk that issuers or guarantors are unable or unwilling to make timely interest and/or principal payments or otherwise honor its obligations. The Fund is subject to **Non-Correlation Risk, Replication Management Risk, Issuer-Specific Changes, and Non-Diversified Fund Risk**. Please refer to the Fund prospectus for a more detailed discussion of the Fund's specific risks and considerations.*

**Consider the investment objectives, risks, charges and ongoing expenses of any ETF carefully before investing. The prospectus or summary prospectus, if available, contains this and other relevant information. Please read the prospectus carefully before investing. To obtain a prospectus, visit [www.guggenheimfunds.com](http://www.guggenheimfunds.com) or contact a securities representative or Guggenheim Funds Distributors, Inc. 2455 Corporate West Drive, Lisle, Ill. 60532, 800-345-7999.**
